

Subject: propped legislation

Dear Congressmen,

As a parent of a child in Special Ed, I urged you to please **support H.B. No. 5318 AN ACT CONCERNING SCHOOL RESOURCE OFFICERS**, and to please **DELETE SECTION 3 of H.B. No. 5425 AN ACT CONCERNING SPECIAL EDUCATION**. If not deleted, section 3 would place the burden of proof on parents who request a special education hearing. Parents don't head into court until all else has failed and their children continue to be receiving inappropriate services. The law should serve to protect the children and their right to an education.

Thank you for your time and thoughtful consideration of this proposed legislation.

Most sincerely,
